NAIRA HASSAN ANWAR
SOFTWARE ENGINEER

PROFILE

I'm a passionate and detail-oriented individual with a solid background in software development and a strong interest in technology-driven solutions. I enjoy building user-friendly applications, solving problems, and exploring new tools. Known for being reliable, organized, and eager to learn, I thrive in both team and independent roles. I'm committed to continuous growth and excited to apply my skills to real-world projects that make a positive impact. I am now looking forward to applying my knowledge in real-world settings and contributing positively to any team or organization I join.
